OBJECTIVE

Motivated and detail-oriented MCA student with hands-on experience in Java, Python, C/C++, SQLite, and Android development. Seeking an internship or entry-level role in a growth-focused organization where I can apply my knowledge of data structures and algorithms, software design, and problem-solving to build reliable, high-quality software. A fast learner and strong team player, committed to contributing to team goals while continuously developing my technical and professional skills.

EDUCATION

Master of Computer Applications (MCA) — B.P. Poddar Institute of Management & Technology, MAKAUT | 2025 – 2027 (Pursuing)

Bachelor of Computer Applications (BCA)—Panskura Banamali College(Autonomous),Vidyasagar University|2022–2025|CGPA: 7.01

Higher Secondary (HS) — Madpur High School, WBCHSE | 2022 | 91.6%

Secondary (HS) — Madpur High School (H.S), WBBSE | 2020 | 53.86%

TECHNICAL SKILLS

Languages: Java, Python, C, C++, XML, HTML, CSS

Mobile Development: Android SDK, Java, XML Layouts, SQLite Database

Frameworks & Tools: Git, GitHub, VS Code, Tkinter, MS Office Suite, REST APIs

Core CS Concepts: Data Structures & Algorithms, OOPs, Software Design, Database Management

Domains: Android Development, Distributed Systems (Academic), AI/ML (Geodata), Database Management

Soft Skills: Problem-Solving, Team Collaboration, Adaptability, Self-Motivation, Hard Working, Honesty

PROJECTS

Women Safety Android Application | Java, Android SDK, XML, SQLite, REST APIs | 2025

- Built a multi-feature Android app with SOS emergency alerts, online complaint filing, and ambulance dispatch via REST APIs.
- Designed a SQLite database (CRUD) for emergency contacts, incident reports, and user profiles.
- Used multi-threading and background services for concurrent GPS tracking and real-time alerts without blocking the UI.
- Applied the MVC pattern and responsive XML layouts for a maintainable codebase across screen sizes.

Weather App | Python, Tkinter, OpenWeatherMap API

- GUI app that fetches real-time weather for a selected Indian city using the OpenWeatherMap API.
- Shows current, min/max, and feels-like temperature, conditions, humidity, wind speed, visibility, and pressure.
- Handles invalid requests and network errors.

Voice Assistant (Olly) | Python

- Desktop assistant with voice command recognition and text-to-speech responses.
- Plays YouTube videos and music, opens websites and Windows apps, searches Google, YouTube, and Wikipedia, and gives time and date.
- Supports system commands (restart, shutdown) and handles speech recognition and network errors.

CERTIFICATIONS & TRAINING

- **Google AI Essentials (Specialization, Google)** — Five courses of hands-on practice in using AI tools responsibly and improving productivity: Introduction to AI; Maximize Productivity With AI Tools; Discover the Art of Prompting; Use AI Responsibly; Stay Ahead of the AI Curve.
- **Google Prompting Essentials (Google)** — Four courses on designing effective prompts and applying advanced prompting techniques to complete complex tasks, analyze data, and summarize information: Start Writing Prompts like a Pro; Design Prompts for Everyday Work Tasks; Speed Up Data Analysis and Presentation Building; Use AI as a Creative or Expert Partner.
- **ServiceNow University — Virtual Internship Program (Certificate of Completion)** — Welcome to ServiceNow; micro certifications in Introduction to Agentic AI, ServiceNow Administration Fundamentals, Introduction to Flows, Automated Test Framework (ATF) Essentials, Get Started with Reports; Certified System Administrator (CSA) Exam Preparation.
- **National Competence & Employability Test — Certificate of Competency** — Completed the employability assessment on 9th August 2026, scoring 72% on the first attempt.
- **Career Development Program — Cognizant Outreach (Certificate of Completion)** — Completed the training sessions conducted by Cognizant Outreach, April – June 2026.
- **Foundation Course on AI Readiness — IICT, AI Skill House, Google, YouTube (Certificate of Completion)**
- **AI/ML for Geodata Analysis — IIRS-ISRO, Dehradun** — Training in machine learning techniques applied to geospatial and remote sensing data.
